MARINE MOLINES

Before tossing something into a bin, please pause & consider which one it goes in. Wasting is naughty, but recycling is nice, so here is a list you can check once or twice!

- plastic bottles, jars & tubs (empty, with lids on)
- aluminum cans, roasting pans & pie tins
- steel cans (such as for cranberry sauce or pie filling)
- empty aerosol cans (such as whipped cream canisters)
- cookie & popcorn tins
- any color glass bottles & jars (such as wine bottles or gravy jars)
- empty cartons (such as from vegetable broth, milk or juice)
- paper & mail (greeting cards, catalogs, construction paper, wrapping paper, paper gift bags, newsprint, etc.)

Place these items in the trash:

- disposable plates, cups & cutlery (paper or plastic)
- anything made of "styrofoam"
- napkins & paper towels
- broken drinking glasses or mugs
- plastic tablecloths
- greasy/soiled cardboard or paper
- microwavable plastics
- ribbons & bows, glittery, metallic or plastic gift wrap
- potato chip bags, candy wrappers

... When in Doubt, Throw It Out!
